# Vanshi Chemicals

<http://www.vanshichemicals.com/>

We are the leading organization engaged in manufacturing & exporting speciality chemicals, electroplating chemicals, hair colors and dyes, biological stain, antihalation dyestuff like basic red 2, diethyl safranin, basic yellow 1, etc.

## About Us

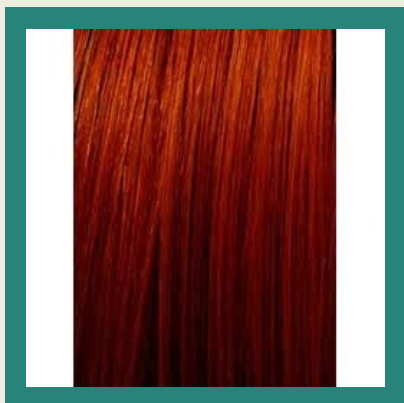

Established in the year **1984**, **Vanshi Chemicals** has emerged as one of the leading **Manufacturers And Exporters** of industrial lab chemicals like synthetic organic dyes, basic yellow 57, methylene blue chemical, hair dyes and hair colors. These are known to enhance hair texture along with providing it good nourishment and protection. In addition, we also offer dyestuff that is environment friendly and is used in different applications.

Our range includes **Synthetic organic dyes, methylene blue chemical, basic blue 99, basic yellow 57, diethyl safranine, methyle violet 3rax, basic violet 8, basic red 2, electro plating chemicals, janus green b, filter blue green, antihalation dyestuff and biological stains.**

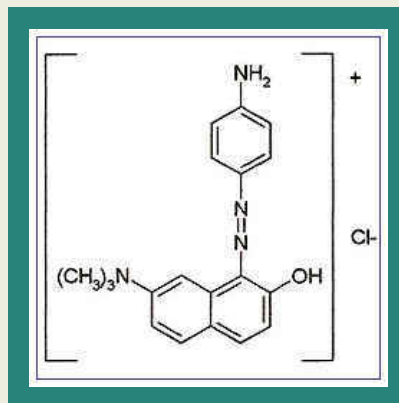

Under the able guidance of our **CEO Mr. Harshad Shah**, we have carved out a niche for ourselves for providing quality dyestuffs, hair dyes and hair colors. He continuously guides our employees who ensure that we offer only the qualitative products to our clients' within the specified time. We are able to deliver our hair dyes and hair colors to clients spread across various countries. These include UK, USA, Spain, Japan and Italy.
